I've got a good attendance record for school and work, also I am reliable and honest. In my spare time I like to spend it at the skate park riding my scooter but when I am not there I like to be with my friends and family. I go to school Monday to Friday and then from school I go straight to work.

Work experience lasted two weeks and I worked at two places. The first week I went to Park Animal Centre and was there for a week. I cleaned out the enclosures and fed the animals. The second week I worked at Pets At Home and stacked shelves, fed the animals and cleaned out the enclosures. I really enjoyed the first week because the people helping me were really helpful and kind to me. The second week was not as good as the people helping were not very helpful.

## Course Summary

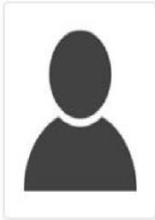

Year 1 Chemistry A level provides a rigorous foundation in basic chemistry principles that you will have developed at GCSE. In your first year you will further study atoms, bonding structures and the periodic table. In the final term you will look at energy and everyday issues especially those related to the environment. Wherever possible we will use modern developments and the application of chemistry to provide relevance. Year 2 In your second year you will continue to develop your knowledge of chemistry by studying areas such as polymers, chemical analysis,

Some providers allow you to make multiple applications to them, if they don't then the favourites will be greyed out with a message to let you know why.

Press **Add Course** on the course you wish to apply for.

If you can add more than one course you can order them by your preference by dragging and dropping them or clicking the up/down buttons.

Add an explanation why you would like to do the course(s) and click **Save and Continue** to save your changes.

1. First, choose a course from your favourites list.

2. Double-check your choice and order by preference. Please note - any courses with a red background are no longer available and need to be removed from your application.

### Training Academy

I have chosen History as I really enjoy the subject and I would possibly like to be a historian in the future. I also enjoy science too and have thought of being a Chemist.

3. Why have you chosen the course(s)?

For example, they will lead to a type of career, it's an area that you are interested in etc. If you have chosen different types of courses, you should also explain why. Don't feel you have to write too much here.

### Course Choices continued

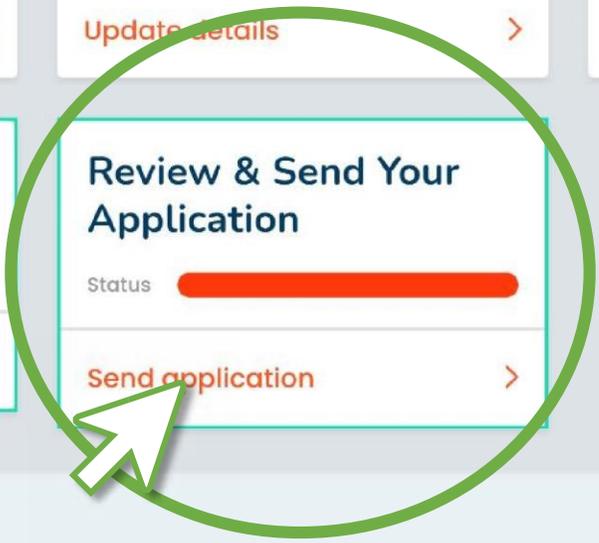

This part gives you the opportunity to talk more specifically about which courses you have chosen and why. So where your Personal Statement was more about you and your skills and qualities, this section is about your aspirations and your interest in the courses.
