“Students come first in this happy and caring community. Students feel well looked after by staff who know them well. Students know that staff are there when they need them.” Most recent Ofsted report.

“Staff have high expectations of every student. Staff know about students’ aspirations for the future. They know their strengths and the things that might get in their way. Staff work with students and their families to make sure that students aim high. They provide high levels of support for every student. Staff help students to find solutions for themselves.” Most recent Ofsted report

“The college provides high-quality careers education. Students are well informed about the full range of education and employment pathways available. Staff support students well with applications... staff encourage students to aim high, and they do.”

Wigston College Ethos

We believe that a learning community should be supportive and collaborative. That every voice should be heard, and every student be encouraged to participate and excel.

Students First

Why is Wigston College different?

A student centered Ethos

Student Views

Wigston College provided a nurturing environment which allowed me to progress academically and receive the support I needed to achieve my goals.

Laura Reading English at University of Leicester

“Wigston College gave me the support I needed academically and otherwise to achieve my full potential and made sure my progress and well-being were the priority

Luke
Reading Media Production at University of Gloucester

Wigston College is more than just a place to learn; it's a community that nurtures growth, confidence, and ambition. In my time here, I've experienced the unwavering support of teachers who are deeply invested in my success. The encouragement to think independently and the countless opportunities to explore my future have made me not just a better student, but a more prepared and resilient individual. Wigston College is where potential is recognized and transformed into achievement.

Dheeren – University of Lancaster,
reading Mathematics
