

27 March 2026

Dear Parents and Carers,

As we approach the Easter break, I would like to offer my sincere thanks for your continued support throughout this term. Our students have shown real determination, curiosity and kindness in their learning and in the way they contribute to school life. Their efforts, combined with the encouragement they receive at home, make a noticeable difference to the strength of our community.

We have enjoyed so many excellent moments this term. Our whole-school enrichment day was a real success, and our Year 8 representatives showed Brockington at its best at the Blaby Youth Council. This week's Oscars awards and our Easter services provided a fitting and uplifting end to the term. We were also delighted with the thoughtful Year 10 Health and Social Care showcase, and our Open Mic Night highlighted some exceptional musical talent from across the school.

Easter is often seen as a point of renewal, and I hope that the coming break provides your family with time to rest, reflect and reset. When students return, we want them to feel ready for a calm and purposeful start to the summer term.

## Expectations for the new term

### Morning routine

All students are expected to be lined up by 8:30am each morning. This allows staff to welcome them, complete essential checks and ensure a settled start before lessons begin. Arriving on time supports learning and sets students up for the day ahead. Students who arrive after 8:30am will be marked late in line with our usual procedures.

### Attendance

Strong attendance remains one of the most important contributors to progress and wellbeing. We encourage all students to aim for high attendance as we move into the final term of the year, as every lesson counts in helping them achieve their potential.

### Uniform

A smart and consistent appearance helps sustain the calm atmosphere we work hard to maintain. Please ensure that your child returns after the break in full, correct uniform. Where something is missing or incorrect, we will support students with temporary items so that learning can continue uninterrupted.

### Equipment

All students should return prepared for learning with a fully stocked pencil case—including a scientific calculator—as well as their ID card and locker key. These small organisational habits help lessons run smoothly and support students in developing independence.

### Kindness, conduct and focus

As we begin the summer term, we will continue to emphasise the importance of respectful behaviour, kindness and responsibility. These qualities have a significant impact on the atmosphere around school and help every student feel safe, valued and able to learn.

Mobile phones should remain in lockers throughout the day so that students can stay focused on their learning and the people around them. If you need to pass on a message, please contact the school office and we will ensure it reaches your child.

### Year 11

Our Year 11 students are approaching an important stage in their school journey. They have shown maturity and determination, and we know they will continue to work hard as examinations draw nearer. We wish them every success and will continue to support them fully in the weeks ahead.

### Looking ahead

The summer term brings a number of exciting opportunities, including enrichment activities, sporting events and wider curriculum experiences. We look forward to sharing these with students and celebrating their achievements as the year progresses.

I would also like to recognise the hard-working staff who continue to give so much to support our students academically, socially and emotionally.

School reopens to all year groups on Monday 13 April at 8:30am, and we look forward to welcoming students back refreshed and ready for a positive final term.

Yours sincerely

Jon Barton  
Principal
